TITLE: Articles of incorporation record books

DATES: 1871-1875; 1886-1963

ARRANGEMENT: Chronological

TOTAL VOLUME: 2.00 reels.

DESCRIPTION:

This series contains copies of Articles of Incorporation filed with the Sanpete County Clerk by newly organized corporations. The registers were kept as the official copy available for public use. The actual articles of incorporation record the following: names of the incorporators and their places of residence, the length of the corporation's duration, the pursuit of business agreed upon, amount of stock each shareholder receives, description of stock classes, number and kind of corporate officers, and the number of directors necessary to transact corporate business.

Under current Utah law and the laws of the territorial legislature, individuals desiring to incorporate, were to file and record articles of incorporation with their respective county clerk. These agreements specified the nature and place of business, amount of stock to be issued, terms for officers, etc. The clerk in turn kept the articles in a separate case file, sent a copy to the Secretary of State for registration, issued a certificate of incorporation and recorded the final articles of incorporation in these record books. The series officially ended in 1961 when the registration of companies was transferred to the state government, although a few documents were added to the record books in 1962 and 1963.

RETENTION AND DISPOSITION AUTHORIZATION:

Retention and disposition for this series is proposed and has not yet been approved.

The case file is generated when companies incorporate within Sanpete County and serve as evidence of "due incorporation of the corporation [UCA 16-2]." Articles of incorporation constitute a contract between the state and corporation, between corporation and stockholders, and between the stockholders and state. The articles of incorporation record the following: names of the incorporators and their places of residence, the length of the corporation's duration, the pursuit of business agreed upon, amount of stock each shareholder receives, description of stock classes, number of kind of corporate officers, and the number of directors necessary to transact corporate business.
